

## Magothy River Residence

Walnut Hill Landscape Company, Inc.  
Outdoor Living Area

— GRAND AWARD —

# EXCELLENCE IN LANDSCAPE PROFILE

Our company was hired to work on the total renovation of this weekend home and property located in Arnold, Maryland, overlooking the Magothy River. Every existing feature in the rear of this outdated property was completely removed to make way for the new multi-level, waterfront playground. The new elements to be installed included a swimming pool, two spas with water features, outdoor kitchen, boat house with Ipe deck above, fieldstone retaining walls, mahogany pergola, flagstone terraces, Ipe deck and steps off the rear of the house, Pennsylvania fieldstone boulders and steppers, plantings and lawn. The flagstone patios and fieldstone retaining walls delineate spaces for gathering, while a lawn panel was created for children to play. 🌱
