Aberdeen Creek Residence

Walnut Hill Landscape Company, Inc.

Total Residential Contracting

— GRAND AWARD —

Perched on a knoll overlooking Aberdeen Creek and the South River in Annapolis, Maryland, this custom home was designed to take full advantage of the breathtaking water views. The transformation of this 4.5-acre property into a park-like setting was demanding yet extremely gratifying for all parties. The end product exemplifies what can be achieved by carefully blending a new landscape with the beauty of an existing environment. 🌿
